

Notification to Fishermen

Nord Stream 2 Project

28.08.2018

1. Purpose of this notification

Nord Stream 2 AG hereby submits a notification for the activities to be performed for the Nord Stream 2 Project in September 2018.

During this period, mattress installation, rock placement and pipelay are planned in the Finnish Exclusive Economic Zone (EEZ), as well as rock placement and potentially mattress installation in the Swedish EEZ.

Nord Stream 2 AG reminds that the construction vessels have limited manoeuvrability while performing their work and that safety exclusion zones are therefore established around the vessels carrying out the Nord Stream 2 activities.

2. Vessel information

Planned Vessels

Oceanic – IMO number: 9703382; Call sign 9HA4426

Solitaire – IMO number: 7129049; Call sign 3ECI8

Supporting vessels to Solitaire

Pipe Carriers:

Solvik Supplier, C6ZW5

Havila Crusader, LCAH3

Symphony Performer, PBRD

Supply Ship:

Havila Fortress; C6NX9

Survey:

Olympic Triton; LADM3

Intervention:

Esvagt Dee; OYPR2 or Esvagt Connector; OVOK2

3. Duration and locations of activities

The mattress installation with *Oceanic* will continue in the Finnish EEZ, with possible works also in Sweden.

Bravenes will be in the Finnish EEZ in the beginning of September, following which she will sail to the Swedish EZZ around the middle of the month to perform rock placement activities in that jurisdiction.

Pipelay with *Solitaire* will commence in early September in the Finnish EEZ, with pipe supply to be carried out from Kotka.

Please note that these details are subject to change for operational reasons.

LEGEND

- Pipelay - Finland
- Rock Placement
- Mattress Installation September
- Global KP Points - 20 km

Finland Route

- Route
- Territorial Waters Border
- EEZ Border
- ▶ Pipelay Direction

Planned schedule during September 2018:

- Mattress Installation - all Sept
- Rock placement - all Sept
- Rock supply from Kotka and / or Inkoo
- Solitaire estimated to arrive to the Finnish EEZ on the 3rd Sept and will start pipelay within a few days after this date.
- Pipe supply from Kotka and / or Koverhar
- TSS Kalbadagrund Intervention Tug will be on site for the 21st Sept for approx for 7-10 days.

Dated 23/08/2018

Survey: Olympic Triton; LADM3

Intervention: Esvagt Dee; OYPR2 - or
Tugs: Esvagt Connector; OVOK2

4. Exclusion Zones

Nord Stream 2 AG would like to highlight that a safety zone of 1 nautical mile is established around Solitaire and 500 meters around the other vessels performing activities for Nord Stream 2 Project.

Information about the works to be performed in the upcoming weeks, can also be found on the Notices to Mariners web-page, available at:

<https://www.liikennevirasto.fi/ammattimerenkulku/merikartat/merikarttojen-paivityspalvelu/tiedonantoja-merenkulkijoille-vuodesta-20052/2018#.Wt2v5U0Ukbz¹>

and
