

Notification to Fishermen

Nord Stream 2 Project

25.05.2018

1. Purpose of this notification

Nord Stream 2 AG hereby submits a notification for the preparatory activities ahead of pipelay to be performed for the Nord Stream 2 Project in June 2018. During this period, rock placement, mattress installation and munitions clearance will be carried out in the Finnish Exclusive Economic Zone (EEZ). Pipelay is planned to start in Q3 2018.

Nord Stream 2 AG reminds that the construction vessels have limited manoeuvrability while performing their work and that safety exclusion zones are therefore established around the vessels carrying out the Nord Stream 2 activities.

2. Vessel information

Planned Vessels

Four vessels will be performing work for the Nord Stream 2 Project in June in the Finnish EEZ.

Rock placement

Seahorse - IMO Number: 8213744; Call sign: PCAP; Flag State: Netherlands

Munitions clearance

Geosund – IMO number: 9232694; Call sign LAC18; Flag state: Norway

Carrier Express – IMO Number 9134531, Call sign: OXVP2, Flag State: Denmark

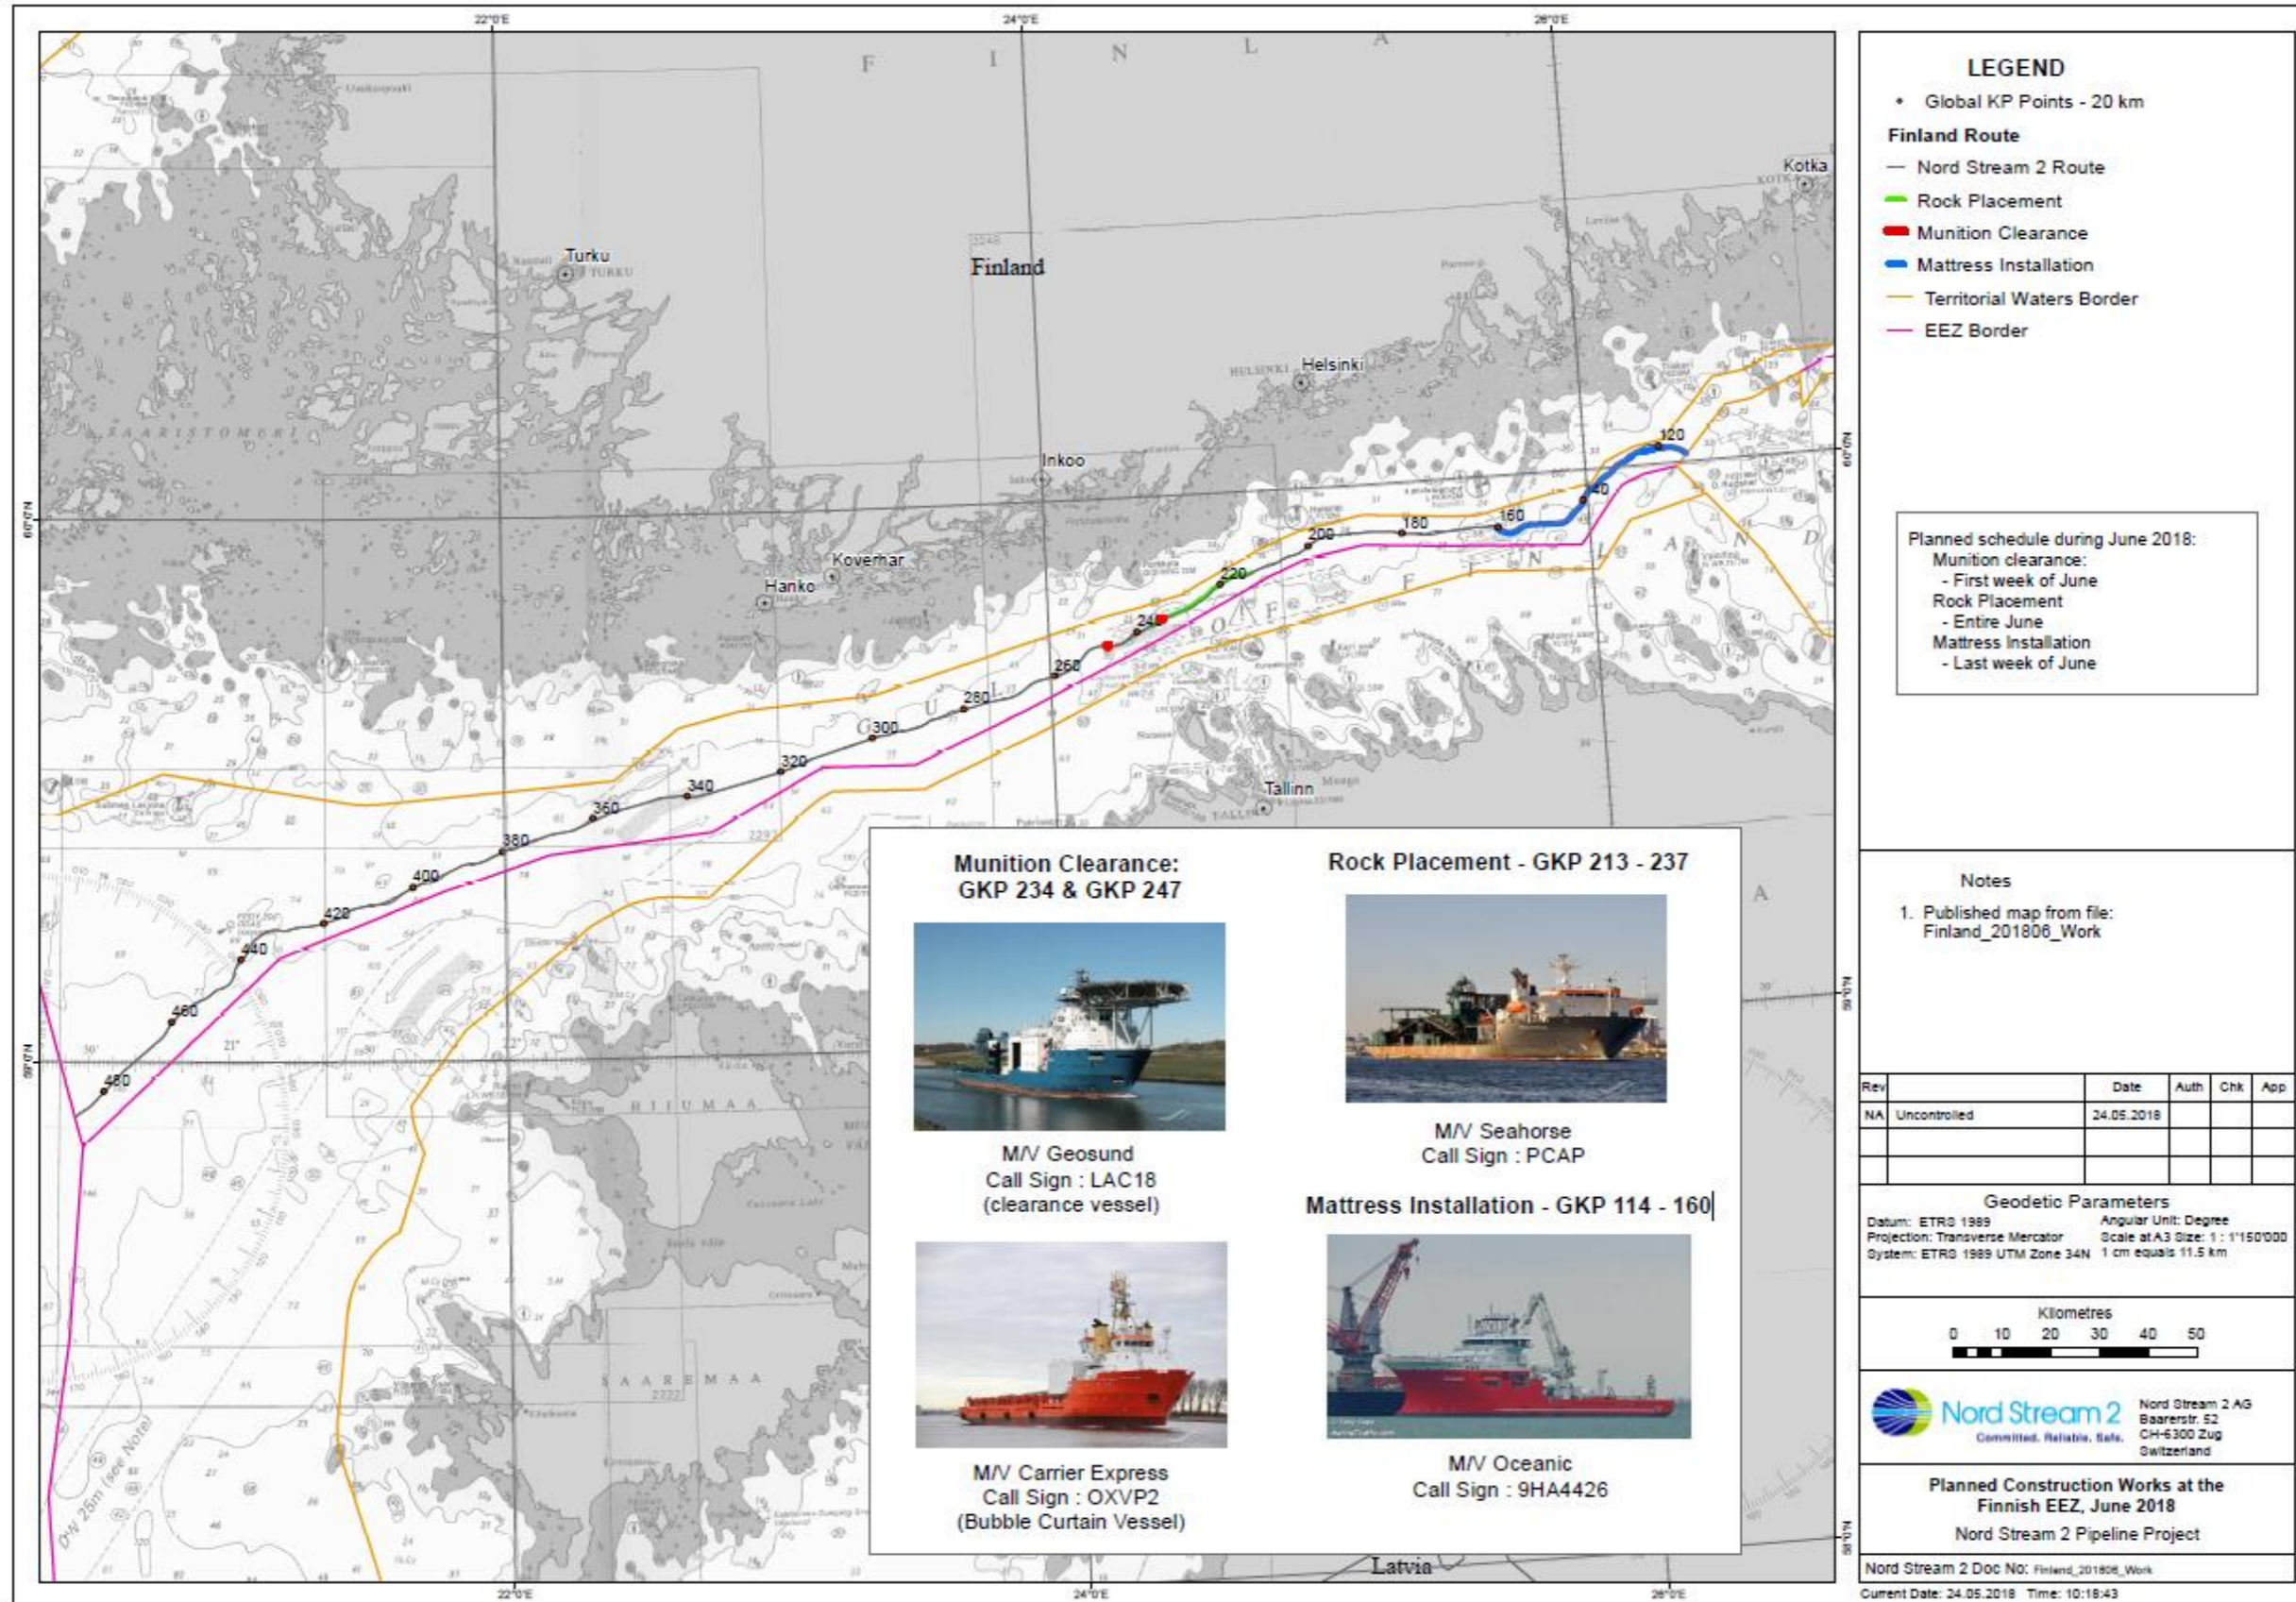

Mattress Installation

Oceanic – IMO number: 9703382; Call sign 9HA4426; Flag state: Malta

3. Duration and locations of activities

The Map below illustrates locations and durations of the planned activities. Please note that these details are subject to change for operational reasons.

4. Exclusion Zones

Nord Stream 2 AG would like to highlight that safety zones of 500 meters are established around the rock placement vessel and mattress installation vessel, and 2-3 km around munition clearance sites, depending on location.

Information about the works to be performed in the upcoming weeks, can also be found on the Notices to Mariners web-page, available at:

<https://www.liikennevirasto.fi/ammattimerenkulku/merikartat/merikarttojen-paivityspalvelu/tiedonantoja-merenkulkijoille-vuodesta-20052/2018#.Wt2v5U0Ukbz¹>

In addition to this information regarding pre-construction activities to be implemented in June 2018, further notification(s) will follow in due course with regards to Nord Stream 2 construction activities in the coming months.
